

In-Home Parent Coaching

Sea Star Village teachers are available to provide in-home coaching to families of enrolled students. The goal of in-home coaching is to meet each family's specific needs, whatever they may be, which will be identified and then set forth as intentions.

Here are some examples of intentions:

- Creating more social harmony in the home, perhaps by encouraging cooperation/ compliance and / or minimizing sibling conflict
- Establishing consistent habits/routines around waking, sleeping and eating.
- Understanding of and effective handling of defiant behavior
- Designing nurturing and educational play spaces

Coaching Schedule: Each coaching session includes three in-home visits and three phone conversations occurring over a three-week period. All times are approximate.

1. Coaching begins with an initial 20-30 minute phone call to discuss the family's needs.
2. The next step is a 60-minute in-home visit to set intention(s) for the program, observe home life, and share practical advice and tools.
3. The next step is a 45-minute phone conversation during the following week.
4. The 2nd home visit is 60 minutes and occurs about one week after the 1st visit.
5. The 2nd phone call occurs during the week after the 2nd home visit.
6. The 3rd home visit is 60 minutes and occurs about one week after the 2nd visit.

Fee for In-Home Coaching: \$375.00 per session
